

RETA

Auditorium chair with writing tablet

Fixed chair for intensive use in educational facilities, conference rooms and auditoriums. Wooden seat and backrest with an integrated writing tablet, offering comfort, durability and easy maintenance.

APPROXIMATE DIMENSIONS

Width **500 mm**

Depth **510 mm**

Seat height **440 mm**

MATERIALS, CONSTRUCTION AND INSTALLATION

Frame

Steel tubing designed for intensive use and floor anchoring. Thermosetting powder coating (epoxy), resistant to wear and continuous use.

Writing tablet

Integrated individual writing tablet with a beech-veneered wooden surface, suitable for writing and supporting computer equipment.

Finishes

Powder-coated metal frame. Wood with beech veneer and protective varnish. The final colour and finish can be specified to match the project's finish palette.

Seat and backrest

Plywood with beech veneer and a varnish finish suitable for use in shared spaces.

Anchoring and protection

Floor anchoring suited to the layout and characteristics of the space, ensuring stability and safety. End caps and contact components in polyamide or an equivalent material protect contact points and reduce noise.
